

Increase Student Motivation! Raise Academic Achievement! Improve Wellness! Enjoy Teaching More!

The Kinesthetic Classroom 2.0!

Instructed by Mike Kuczala

(Bestselling author and international speaker)

A Day of Professional Development!

Thursday, June 27th, 2019; 8:30 a.m. – 3:00 p.m.

Health Works, Tupelo, MS

219 Industrial Road

“Giving students opportunities to be successful in the classroom is the goal of most teachers. Mike's "learning through movement message" and his creative way of presenting has given the teachers of Mississippi a resource to achieve that goal.”

Dale Dieckman, Mississippi Department of Education, Office of Healthy Schools

Mike has worked with teachers in more than 20 Mississippi School Districts through the Bower Foundation and the MDE and has presented at many Mississippi State Conferences including School Boards and School Administrators!

Attend this Event and Learn:

- Why movement and physical activity are critical to the teaching and learning process and **Academic Achievement**
- The brand new 4-Part Framework for using movement and physical activity in all classrooms and content areas thoughtfully and purposefully
- The brain/body connection and its role in **Academic Achievement**
- About New Research that supports the use of movement in the classroom
- The critical link between aerobic activity, physical fitness and **Academic Achievement**
- Dozens of practical applications immediately usable in the classroom!
- The 6 brain principles that support using movement in every classroom
